

TF-66LC

Item	Description
Pitch	6.6mm
Pixel composing	SMD3535 // Black Face or Black Body (optional)
Resolution	22545 pixel/ m ²
Brightness	5000cd/ m ² / Black Face
Brightness	4200cd/ m ² / Black Body
Viewing angle	H:140° ; V 120°
IP grade	IP 65 front, IP54 back
Working temperaturer	-20° > 50°
Cooling	Low noise fan 25dB
Driving IC	MBI 5024
Power and signal connetor	Neutrik brand
Cabinet design	Rental design / Traveling Frame
Cabinet material	Aluminum die-casting
Cabinet weight	14KG
Control card	NOVA Star
Gray level	14 bit
Refresh frequency	1600HZ
Module size	320mm*160mm / Mounted by 4 x screw
Module resolution	48*24=1152 pixels
